## CASE STUDY (WHĀNAU STORY)

Nikau has been in and out of the justice system for the last ten years, spending three full years in prison. Recently he joined the navigation supported provided by Te Pūtahitanga, helping him to devise a plan with goals such as, living drug and alcohol free, being a good partner and father, breaking his current gang affiliations and creating a positive family environment. Nikau despite some setbacks, has now broken free from gangs, found employment and has made big strides towards his long term goals.
