

## Māori Development Fund Investment Plan FY2025/2026 – FY2027/2028

The Investment Plan sets out how Te Puni Kökiri will administer the Māori Development Fund to contribute to the Government's Going for Growth with Māori | Tōnui Māori, focusing on infrastructure investment, unlocking the growth potential of Māori assets, and accelerating exports.

- The Investment Plan will be applied to the Māori Development Fund appropriation of Vote Māori Development which has a FY2025/2026 allocation of \$40.2m per annum.
- In addition to the two investment priorities set out in this Investment Plan, up to \$6 million will be available for a limited number of initiatives that build capability to deliver economic, social and cultural outcomes for local Māori communities.

Eligible proposals will be prioritised for investment if they deliver the outcomes of at least one of the Investment Priorities, and meet the following **Investment**Criteria.

## **Proposals must:**

- Provide data and evidence to demonstrate the achievement of investment outcomes;
- Provide credible evidence to substantiate the expected return on investment;
- 3. Demonstrate a robust, specific and credible plan to secure any further investment that the initiative may need for implementation;
- 4. Avoid duplication of Government investment and support;
- 5. Maintain a balanced portfolio of investment across investment priorities, entities, and regional distribution; and

**Threshold Targets** 

only be considered by exception.

6. Demonstrate reasonable costs and value for money.

Going for Growth	Infrastructure for growth	Promoting global trade and investment
Going for Growth with Māori   Tōnui Māori initiatives and long term outcomes	Infrastructure Investment: Asset diversification and wealth creation through regional co-investment	Boost export receipts of Māori business: Strengthen pipeline of high productivity lwi and Māori exporters
Māori Development Fund Investment Priorities	Investment Priority 1: Improved productivity of Iwi and Māori assets, and co-investment in infrastructure	Investment Priority 2: Increased Māori export revenues
Māori Development Fund Investment Outcomes	<ol> <li>Productivity of Iwi and Māori assets, including Whenua Māori, has materially increased.</li> <li>Iwi and Māori are leading and contributing to major new infrastructure projects that contribute to regional economic growth.</li> <li>Iwi and Māori have developed investment-ready projects and secured capital beyond this Fund to increase asset productivity and deliver new infrastructure.</li> <li>Iwi and Māori entities have strengthened their internal business and technical capability, enabling them to make and implement informed decisions (including through collective co-investment approaches) that improve asset productivity and support new infrastructure development.</li> </ol>	<ol> <li>Iwi and Māori entities have the capability and scale to start or increase exporting.</li> <li>Iwi and Māori businesses have increased export revenue.</li> <li>Iwi and Māori businesses have increased internal business and technical capability to make and implement informed decisions about specific initiatives to increase their export revenue.</li> </ol>
Māori Development Fund Purpose and Scope	<ul> <li>To de-risk and accelerate owners of assets (including whenua Māori) to undertake at-scale investment proposals that will lead to measurable gains in the utilisation, productivity, diversity and value of their assets, where access to capital is a constraint.</li> <li>To support lwi and Māori co-investment and/or participation in significant infrastructure initiatives intended to contribute to regional economic growth (including energy, water and other infrastructure). This may include:         <ul> <li>Accelerating initiatives to become investment-ready and facilitate access to capital for implementation.</li> <li>Enabling participation of lwi and Māori businesses in large infrastructure developments.</li> <li>De-risking investment in emerging opportunities by supporting informed decision-making.</li> </ul> </li> <li>Proposals must be supported by credible evidence of the expected economic returns and a clear plan on how these will be achieved.</li> </ul>	<ul> <li>To support new or existing Māori exporters who are able to diversify or scale to double their export revenue.</li> <li>New or existing exporters may be supported to grow their capability and scale to increase their export revenue by obtaining knowledge and expertise for exporting.</li> <li>Entities will need to demonstrate evidence of high potential export revenue returns.</li> </ul>
Māori Development Fund Co-investment and Funding	<ul> <li>Minimum kaitono cash co-investment target of 50%<sup>1</sup></li> <li>Minimum Te Puni Kōkiri funding threshold target: \$100,000.</li> <li>Kaitono co-investment for feasibility studies, business cases and similar investment-readiness work must be in the form of a cash contribution.</li> </ul>	

<sup>1</sup>For example, if you are seeking \$100,000 from Te Puni Kōkiri, you will be asked to contribute \$100,000 cash co-investment. In-kind co-investment will
